St Catherine's School

Frequently Asked Questions:

How many students are enrolled at St Catherine's?

Currently, we have 1,110 students enrolled across our campus, with roughly 320 students in the junior school and 790 students in the senior school.

Why should I choose St Catherine's?

Our broad curriculum and world-class facilities allow every student to achieve their unique potential. With a rich legacy of empowering young women to lead with humility and a dedication to wellbeing, we offer a creative and nurturing environment that inspires students to make a difference in the world.

How will St Catherine's cater to my child's specific educational needs?

St Catherine's is a proudly academically non-selective school. Our learning enrichment team works in unison with our teachers to offer support, specialised classes and individual learning plans for both students who require further challenge and those who may need additional support.

What co-ed opportunities does St Catherine's offer?

We have an ongoing relationship with Scots, who we collaborate with on a regular basis for subject-specific projects and dramatic productions. Our Cadets program is run in partnership with Waverley College.

What are the major entry points?

St Catherine's major entry points for enrolments are kindergarten, Year 3, Year 5 and Year 7. Enrolment outside of these entry point years, as well as mid-year entry, may be offered, subject to availability.

Is St Catherine's full?

Applications for senior school are currently closed for 2024 and 2025, except for boarding and scholarship applications. We recommended enrolling your daughter in junior school for prioritised entry into senior school.

Do we have to be Anglican?

St Catherine's School accepts students from all backgrounds and faiths, fostering a diverse and inclusive community.
